An act of state is an act of war.

It's not just capitalism eating away at human happiness, it's general materialism. Of course, that's usually a product of capitalism, but it's nice to see the larger picture and address the boarder issue.

We live in a materialistic world, but it hasn't always been like this.

Because African Americans were motivated to contribute to their OWN economy out of LOVE, not one's own profit. They weren't getting rich and paying taxes for the white man, they were doing it for their fellow black brothers and sisters.

Likewise, the same with European Americans

Candace Owens ✓ @RealCandaceO

Black poverty rate fell by 40% between 1940-1950, and black income grew at a rate higher than white income.

Blacks did better during the era of Jim Crowe than we are doing now after two terms of a black president, plus 10,000+ elected black politicians.

judged by the same standards, that would have gotten you labeled a radical 60 years ago, a liberal 30 years ago and a racist today."

Oh, and, uh, make England white again, I suppose.

The Tribal Times | @times_tribal · 21h

I meant that picture of England I displayed - in private chat - showed the percentage of England that was NON-white, not white.

Sorry, I accidentally said white. My mistake.

Once your enemies have been hanged, or you've either outlived them or surpassed their level of success, then you may forgive them.

But in a state of life dealing you the inferior deck, never forgive, only try to forget.

"The dogma that no culture is superior to any other is contradicted by facts at every turn. Virtually every culture is superior to some other cultures at something. How many cultures can brew beer like the Germans, create wine like the French or make Sake like the Japanese?"

The Tribal Times | @times_tribal · Jun 5

Unfortunately, this is depressingly true.

It's always Western culture which is to blame, yet everyone partakes in it like its heaven. Because it is heaven when those who use it can appreciate its origins, creators, and spiritual attachment to the European world.

Thomas Sowell @ThomasSowell

"What 'multiculturalism' boils down to is that you can praise any culture in the world except Western culture—and you cannot blame any culture in the world except Western culture."

Better to be hated for what you are, than loved for what you're not.

I'm glad you're able to tell the truth about your religion, the good, the bad, and everything in between.

The world belongs to its 7 billion inhabitants. In the past, communities could flourish in isolation, but now we can't. This World Environment Day let's remember that we depend on each other and that to meet the challenge of climate change, we have to work together.

Sorry, gotta retweet. Antifa are a bunch of disgusting faggots who deserves

AIDS.

It's sad all they do is spread their anti-European racism, as opposed to doing something actually not horrible, like promote the good ideology of anarcho-communism. Racists never learn, sadly.

That's because Africans, unlike African Americans, are smart, beautiful and respectable human beings who deserve to be treated nicely like any great bunch of folks. I'd definitely say Nigeria is far better than the United States in terms of its people, all that really matters.

Poe's Law= True @ScribeUndead

White guilt is the funniest thing to me.

I know Nigerians, my family members even, who laugh their asses off at the idea of slavery.

The Tribal Times | @times_tribal · Jun 5

That's literally how I feel about self-proclaimed ethno-nationalists whining about how America isn't white enough, yet refusing to build their own homeland.

I agree, it's best to leave than to stay in a sinking ship. Racial diversity has officially killed America.

That Guy T @_BlackGuyT

Much of the civil rights movement was basically black folks demanding that racist businesses take their money instead of building a market competitor to service their own people.

Tawhidi, I have a lot of respect for you and your honesty. A lot.

I assure you, there are many great aspects of Islam, and I partly understand why you'd consider yourself a Shia Muslim. But thank you for showing the truth.

Europe and Australia are suffering from Islamist unrest

I hope Fallout 76 is more like 3 and New Vegas rather than 4.

Regardless, it's still gonna be great. I can't deny how much fun it'll be to wander the post-nuclear wasteland once more.

Man, the hype for Fallout 76 is getting to me!

I remember how excited I was for 4 to be released, and now this is overwhelming!

There's no faith in humanity left within me.

Go on without me. Leave me behind. Fuck America. Fuck the West. It's dug its grave. It's embraced giant Pakistani penises and promoted the rape of European women at the hands of disgusting jungle bunnies.

Enjoy your dystopia.
